

## **Some Tips for Easy Arrival:**

- **Please keep your students on the bus** until I have been able to talk to you and the Bus Driver.
- Have your bus driver **pull all the way to the end** of Circle Drive before letting students unload.
- Make sure your students follow the usher and find their seats **before** taking a trip to the restrooms.
- **Please disperse chaperones among your students** while seating the students *and* during the show. (We only have so many volunteer ushers and any help from the students' own teacher is *wildly* appreciated.)

**Sit back, relax and enjoy your experience at
