

## WiseWrite Unit 2: STRATEGIES

Characters use strategies to help them achieve what they want or need in a play. Sometimes they ask for help from MENTORS—other characters who have more information or are wiser than they are. Some characters find an ALLY—a friend or someone with a similar “want” to go on their journey together. Some characters use a TOOL—a physical “thing” to help them get what they want.

Write MENTOR, ALLY or TOOL next to each strategy described below:

Dorothy asks the Scarecrow if he'd like to come along with her to meet the Wizard so he can get a brain. The scarecrow is a(n) \_\_\_\_\_.

A girl who wants an A on a test asks her best friend and math genius to help her study. The best friend is a(n) \_\_\_\_\_.

A dog uses a nail file to sharpen his nails, so he can dig a hole to hide his bone. The nail file is a(n) \_\_\_\_\_.

A pig drinks a magic potion to make him disappear from the farmer. The potion is a(n) \_\_\_\_\_.

A giant asks an elf to come with him on his journey to find the Land of Average Height. The elf is a(n) \_\_\_\_\_.

A maple tree asks an evergreen tree for tips on how to keep all his leaves in the winter. The evergreen tree is a(n) \_\_\_\_\_.

Cookie the Cow is tired of wearing spots on her hide. She would like to have stripes like the zebra. Invent three strategies she could use to change her spots to stripes. Use a MENTOR, an ALLY and a TOOL.
